

## **FUNDRAISING BAND CREDITS**

In order to receive any band credit, you must be a Booster member and have paid a \$25.00 membership fee (or a \$100 lifetime membership fee).

If you have worked a fundraising event and you have not yet paid to be a Booster member, your account will automatically be charged the membership fee so that any band credits can be posted to your account.

Each Papa John's event worked = \$40.00 band credit

Each Bingo event worked = \$15.00 band credit

There are special occasions where more than a \$40.00 credit is offered for band credit when working PPJ's. These are usually dates where the event falls on a holiday or other special events such as double shifts. Details on those occasions are sent out prior to that event. Otherwise, the normal PPJ band credit is \$40.00.
